As part of our mission to help enable the next generation of Indo-American young achievers succeed, we are organizing a mentoring event with Dr. David Leebron, President, Rice University.

Our Advisor, Dr. Leebron has kindly expressed his willingness to meet with a group of approximately 15 young invitees - high school juniors and seniors and college freshmen. This setting will allow our young achievers to also ask questions and interact with the speaker in a small-group environment.

This meeting will take place on March 11th, 2010, early evening at the Westin Galleria Hotel, giving students the opportunity to attend after school. We will finalize this event based on the feedback and the level of interest.

If you or any of your colleagues have children (high school or college students) who would be interested in participating in a small-group mentoring event with Dr. Leebron, please let us know. We look forward to hearing back from you.

Thank you for your support of the Chamber.
