Good Evening Friends and Supporters of the Chamber:

Your attendance tonight is evidence of your support for a fine organization which performs the very important service of fostering bridges of understanding between India and the United States.

It is organizations like the Indo-American Chamber of Commerce that assist companies like Continental Airlines, achieve success in opening up new markets. We are grateful for efforts of the chamber in helping us launch our first nonstop flight between our New York area hub at Newark Liberty International Airport and Delhi in November of 2005. As a result of this success we have announced our second service to India with new nonstop service between Newark and Mumbai beginning October 1, 2007.

On behalf of the more than 45,000 employees of Houston-based Continental Airlines, I thank you again for your attendance this evening and your support of the Indo-American Chamber.

Best Regards,
