

JOYA C. SHUKLA

Joya Shukla has over fourteen years of experience in the oil and gas industry. Her work history includes project management in the commercial, manufacturing and technical aspects of the business, both on and offshore. Among her many career responsibilities, Mrs. Shukla recently led the Clean Fuels program for third party accounts in the design, marketing and delivery of reactor internals hardware. She has worked for industry leaders including ExxonMobil, Shell Global Solutions and other Shell subsidiaries.

In addition to her extensive work experience, Mrs. Shukla has also published "Rejuvenation of the Hydrocracker at Repsol/YPF's Luyan de Cuyo Refinery with Shell Global Solutions Reactor Internals," J. Shukla (Shell Global Solutions US), J.L.R. Soler and C. A. Noguero (YPF Repsol) *IAPG Conference*, Mendoza, Argentina, 11/2006, and "Capture the Margin of Opportunity Feeds," V. Bavaro, J. Shukla, S. Perry (Shell Global Solutions US) and L. Byerly (Criterion) 11/11 *HydroCarbon Engineering*, pp. 65-66 & 68-70 November 2006, ISSN: 1468-9340

Mrs. Shukla received her Bachelor of Science in Electrical Engineering from the University of South Carolina and her Masters of Business Administration, Concentration in Finance from Louisiana State University.
