"The workshop on last Saturday was very successful event. It was handled very professionally by IACCGH, all participants and volunteers. A large number of people attended the workshop. There were good number of booths with professional help and very informative information. As a volunteer I talked to several people about the workshop, everyone was very happy to attend the workshop."

I talked to Mr. Rajiv Bhavsar and Mr. Aziz Rahim of United Central Bank about their banking service and loan for small business. They were very cooperative and explained how the United Central Bank cooperatively works with their clients and make their loan procedure simple.
