President Obama is hosting the Indian Prime Minister, Dr. Manmohan Singh, in Washington DC, 23- 24 November. This is the first official visit of a Head of State to the US after the Obama administration assumed office. To commemorate the growing bilateral relationship, the Confederation of Indian Industry (CII) is organizing a 'Business Mission to the USA' from 18-23 November.

The delegation is a true 'business mission'. It made up of senior executives of leading Indian companies who are interested in exploring opportunities for trade (especially buying), investment and collaboration in the Houston area. The focus areas are Technology, Energy and Manufacturing. CII will commence the Mission in Houston on November 18, as a part of a 4 city road show.

In partnership with the Department of Commerce, the Confederation of Indian Industry, and the Indo-American Chamber of Commerce, the Partnership is happy to invite local Houston companies that are looking to do business with India. The agenda for the day has a two part focus. The morning will be a larger public event to provide a wide sense of opportunities; the afternoon is for a small roundtable with all our delegation members and representatives of local companies to engage on a more specific level.

If your business is interested in exploring international ventures with leading organizations from India, please attend this interactive session on November 18.

If you would like to participate in the business opportunities round table, please send us a brief paragraph on yourself/your business/the company and your area of interest.

Should you have any further questions, please feel free to contact myself or Jensen Shen at 713-844-3637; [jshen@houston.org](mailto:jshen@houston.org)
