ABOUT THE EVENT

A collaborative effort between local, state and federal government entities and provides information accessibility regarding government contracting opportunities.

Participants at GPC will have the opportunity to meet with more than 200 City, County, State and Federal representatives involved in purchasing, construction, and professional services contracting. This year's event will also include METRO.

Representatives from banks and other organizations committed to assisting Small and Minority, Women, and Disadvantaged Business Enterprise (S/MWDBE) firms will also be represented during the Contracting Fair. In addition, some governmental agencies and private sector firms will award contracts "on the spot."

Dynamic speakers will present informational seminars geared toward educating participants about the responsibilities of owning and operating a business, and other timely topics.

Another highlight of the day is the Awards Luncheon, which recognizes outstanding contributions to S/MWDBE development.
