IBM Global Entrepreneur: Teaming with entrepreneurs to build a smarter planet

Date: 6/22/10

Time: 12:00 PM - 12:45 PM (GMT-04:00)

Hosted By: Jodi Bailey (IBM)

Presented By: Jim Corgel, General Manager, IBM ISV & Developer Relations (IBM Corporation), William M. Reichert (Garage Technology Ventures), Wendy Lung, Director, IBM Venture Capital Group (IBM Corporation), Enda Keane, Co-Founder TreeMetrics (TreeMetrics)

Be part of the next generation of innovative companies that are changing the world. IBM is looking for entrepreneurs with global ambitions. Does your solution address issues the world is facing in energy, healthcare, or other key areas related to smarter planet? If so, the IBM Global Entrepreneur initiative is right for you. IBM is uniquely positioned to help you because of the depth of our resources, global reach, and in-depth knowledge and experience with the world's largest enterprise customers. Let's work together to make our planet smarter.

Spend 30 minutes and learn why your start-up should join this new IBM initiative. If you're interested in this topic but are unable to attend the live event, take a moment to register. We'll send you the link to the replay as soon as it's available.
